SURYA K

COMPUTER SCIENCE & ENGINEERING

Location: Arakkonam, Tamil Nadu • **Phone:** +91 9361003227 • **Email:** suryak.cse2024@grt.edu.in •

LinkedIn: surya-k-018939336 • **GitHub:** suryakrishnamoorthy2007

PROFESSIONAL SUMMARY

Dedicated and analytical Computer Science and Engineering undergraduate with a solid grounding in software engineering principles, full-stack application development, and systems design. Demonstrates strong problem-solving capabilities, structured coding habits, and a keen focus on creating reliable, scalable campus and operational technologies. Committed to continuous learning, collaborative development, and adopting modern industry workflows.

TECHNICAL SKILLS

Programming Languages:	JavaScript, Python, Java, C, SQL
Web Frameworks & UI:	React.js, Node.js, Express.js, HTML5, CSS3, Tailwind CSS, Bootstrap
Databases & Storage:	MongoDB, MySQL, Firebase
Developer Tools & OS:	Git, GitHub, Postman, Visual Studio Code, Linux CLI
Core Competencies:	Object-Oriented Programming (OOP), Data Structures & Algorithms, RESTful API Design

EDUCATION

Bachelor of Engineering (B.E.) in Computer Science and Engineering 2024 – 2028

GRT Institute of Engineering and Technology, Tiruttani

Relevant Coursework: Data Structures & Algorithms, Object-Oriented Programming, Database Management Systems, Operating Systems, Computer Architecture, Web Application Development.

KEY PROJECTS

Smart Campus Pass	**CampusPass Pro**	**Campus Track**

ACADEMIC HIGHLIGHTS & TECHNICAL ENGAGEMENT

- **Application Development:** Authored and maintained modular full-stack projects applying industry-standard architecture patterns.
- **Continuous Integration & Version Control:** Actively version-controlling codebase repositories and adhering to standard Git branch-and-commit workflows.
- **Technical Symposiums & Workshops:** Active participant in regional technical hackathons, algorithmic problem-solving sessions, and software bootcamps.
- **Foundational Certifications:** Completed foundational coursework and developer certifications across modern full-stack web architectures.
